7. Risk Assessment

Risk assessment is a systematic general examination of financial and other implications that will enable the Council to identify any and all potential risks inherent in the procedures and practices. Based on a recorded assessment all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible, should be taken.

The document has been produced to enable the Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them. In conducting this exercise, the following plan was followed:

- identify the areas to be reviewed.
- identify what the risk may be likelihood (risk) and consequence (effect)
- evaluate the management and control of the risk and record all findings.
- review, assess and revise if required.

Councillors will carry out the annual financial risk assessment (enclosed).

The publication "Joint Panel on Accountability and Governance Practitioners' Guide (March 2024)" provides guidance on proper practices to be applied in the preparation of the statutory annual governance statement, including assessment of risks.

Full details can be viewed at: https://www.nalc.gov.uk/library/our-work/jpag/3859-practitioners-guide-2024/file

Para 1.15.6 (page 10) states "Risk assessment and internal controls need to focus on the safety of the authority's assets, particularly money. Those with direct responsibility for money need to undertake appropriate training from time to time."

Paras 13) 5.89-5.98 (p.44 and 45) provide details of requirements.

Councillors are invited to suggest any amendments/improvements to the assessment.

8. Central Lancashire Local Plan

A response to a consultation will be considered (details emailed to Councillors 24 February).

The Central Lancashire Authorities of Preston, South Ribble and Chorley are undertaking a review of the development plan(s) for the area and are working towards the preparation of a Joint Local Plan for Central Lancashire. This will be a single planning document comprising strategic and development management policies as well as site allocations for future development across the three authorities. Once adopted, the Local Plan will guide the future growth and development of the Central Lancashire area and replace the Central Lancashire Core Strategy (adopted in 2012) and the Local Plans/Site Allocations and Development Management Policies for the three Central Lancashire Authorities (all adopted in 2015).

Responses must focus upon whether the Plan is 'sound' (i.e. positively prepared, justified, effective and consistent with national policy) and legally compliant.
